Ghazi ZAHER	De Montfort University	Business and Marketing
Daniel ZAPATA	University of the Arts London	Illustration and Visual Media

Success Stories

We are very proud of our departing students - some of them are present this evening to share their stories with you.

Below you can find a flavour of just some of the successes that have come out of our Sixth Form in the past few years. We hope that your child can find their way on to these pages in two or three years' time.

MAXWELL OMONDI

2010-2017

**MARLBOROUGH PRIMARY SCHOOL
BELMONT PRIMARY SCHOOL
ISLEWORTH & SYON SCHOOL
IMPERIAL COLLEGE LONDON**

Maxwell joined the school in Year 7 from Marlborough Primary School and it was apparent at this early stage that he was a very capable student.

Maxwell held a long-term ambition of a career in engineering and whilst at school made the most of every opportunity to fulfil his academic potential. He also enjoyed sport and he will also be remembered for his poetry reading at the Awards Evening in 2016.

Maxwell was also very encouraging of others and when in Year 13, gained a reputation for assisting students with revision tips and on how to make university applications. He gained 9 A*s and 1 A grade at GCSE. He studied mathematics, further mathematics, physics and geography at A level and gained 3 A*s and 1 A.

As Head Boy, Maxwell led the student leadership team with great skill, integrity and humility and he was a worthy winner of the Headmaster's Cup, for services to the school, in 2016-17.

After Isleworth & Syon, Maxwell took up a place at Imperial College, studying for a degree in Civil Engineering.

CARA DOYLE

2015-2017

**BRENTFORD SCHOOL FOR GIRLS
ISLEWORTH & SYON SCHOOL
GUILDHALL SCHOOL OF MUSIC
AND DRAMA**

Cara joined our Sixth Form from Brentford School for Girls, in order to continue her music studies at A level.

She quickly became an established member of the Sixth Form and in her last year became one of the senior students, holding the position of Deputy Head Girl.

Cara is an exceptionally gifted musician with a flair for performance on her chosen instrument, the clarinet. Having already attained a Grade 8 with distinction, she has continued to develop her musicianship in a range of ways, including frequent performances in school events, such as the school production and on Arts Evenings.

Several music colleges offered a scholarship place to Cara but Guildhall, one of the world's leading establishments, won the race, and Cara will study with some of the best teachers over the next three years.

Cara managed to attain an A*, an A, and a B in her A levels and an A at AS level, so she progresses with an enviable academic record.

She has a glittering musical career ahead and we hope to see her on the Young Musician of the Year very soon.

JAMIE TILT

2010-2017

**ISLEWORTH TOWN PRIMARY SCHOOL
ISLEWORTH & SYON SCHOOL
LOUGHBOROUGH UNIVERSITY**

Jamie was one of the brightest sportsmen of his year group, finishing his school career as captain of the 1st XIs in cricket and football. Jamie managed his sporting commitments alongside his academic workload exceptionally well throughout his time at school and gained 10 A*-C passes at GCSE.

In the Sixth Form he chose to follow the Level 3 BTEC in Sport and gained the very highest grades possible, a triple Distinction*, equivalent to 3 A* grades at A level.

This led to a place at Loughborough University - the world's number one university for PE and Sport - to study a degree in Sport and Exercise Science.

Beyond his commitment to school sport, Jamie has contributed widely to sports leadership in the local area. In recognition of his contributions, he won both the Barry Goldsby Cup for excellence in Sport and The Isleworthians (1947) Sixth Form Trophy for his community service.

MYAN KELLAY

2010-2017

**HESTON INFANTS & NURSERY SCHOOL
ST. PAULS' CofE PRIMARY SCHOOL
ISLEWORTH & SYON SCHOOL
LONDON SCHOOL OF ECONOMICS**

Myan took up a place at the London School of Economics, where he is studying Accounting & Finance. He gained 2 A*, 5 A and 2 B grades at GCSE. He studied mathematics, economics and biology at A level and gained an A*, an A and a B respectively. He also gained an A grade for his voluntary Extended Project, an additional study on the practices and habits of successful traders in Forex and penny stocks.

Myan won the BeatCreative Enterprise trophy in his final year at school for the range of work opportunities that he undertook whilst completing his studies. This included a prestigious placement in The Foreign Exchange at International FX in Mayfair.

In addition to his achievements at school, Myan was an ever-present on the music stage. He plays the saxophone, and he has been an important performer in the Concert and Jazz Bands at school.

ADHIYAN JEEVATHOL

2010-2017

**HOUNSLOW HEATH INFANT & NURSERY SCHOOL
HOUNSLOW HEATH JUNIOR SCHOOL
ISLEWORTH & SYON SCHOOL
UNIVERSITY COLLEGE LONDON**

Adhayan is a fine scholar who joined the school at normal transfer time. He came from Hounslow Heath Junior School and was one of only a small number of students to transfer from there. However, he developed rapidly at school and certainly made his mark with a number of staff.

At GCSE he attained 7 A*s and 3 A grades, and he backed this up with an A*, an A, and a B in A level history, biology and physics respectively. He also gained a B at AS level maths and an A grade in his Extended Project on the progress of human rights in Afghanistan post-2001.

At the Senior Awards Evening in 2017, he picked up governors' prizes in history and science, a demonstration of his all-round academic ability and interest.

Despite being the best historian in his year, he has decided on a career in science, taking up a place at UCL to read Biological Sciences.

HARITH HAWAS

2010-2017

**LIONEL PRIMARY SCHOOL
ISLEWORTH & SYON SCHOOL
UNIVERSITY OF BRISTOL**

Harith joined the school in Year 7 from Lionel Primary School in 2010. He has been an excellent student throughout his time with us.

Always keen to do well in any aspect of school, Harith threw himself into his studies and also find time for the sporting side of the school. He represented the rugby team from Year 7 to the Sixth Form and also proved to be a very capable sprinter, enjoying representative honours in athletics.

He gained 4 A*, 5 A and 1B grades at GCSE. He studied chemistry, mathematics and physics at A Level and gained 3 A grades. He also gained an A grade for his Extended Project, a voluntary additional piece of study, for which he wrote about human rights and the Law.

In his final year, Harith was the winner of the Caldicott Lake Scholarship, a financial prize for science or engineering. Harith left us in 2017 to study Law at the University of Bristol.

SOPHIE LUCAS

2015-2017

**BRENTFORD SCHOOL FOR GIRLS
ISLEWORTH & SYON SCHOOL
BATH SPA UNIVERSITY**

Sophie joined our Sixth Form, from Brentford School for Girls, specifically to join our outstanding performing arts faculty. She certainly enhanced the Sixth Form with her contributions across the school.

Sophie studied the BTEC in performing arts and was part of an excellent cohort of students. She also undertook A levels in art & design and English literature. She gained double Distinction*, A* and A grades respectively.

Sophie is a gifted actor and it was a delight to see her performances, which formed part of her BTEC course. On the school stage, she gave a compelling performance as Lady Macbeth in the Scottish play and there is no doubt that, should she so choose, she will progress to a career on stage or screen.

A Gap Year will be followed with a degree at Bath Spa University, where Sophie will continue with her drama studies. We wish her well.

TAHEEN MODAK

2007-2014

**WELLINGTON PRIMARY SCHOOL
ISLEWORTH & SYON SCHOOL
BRISTOL OLD VIC**

Taheen joined the school from Wellington Primary. It is fair to say that Taheen was not an immediate success, especially whilst in Key Stage 3. However, his talent for performance was spotted through the weekly drama lessons and once the staff from the performing arts faculty “got hold” of him, there was no looking back.

His acting skills developed and he flourished under the guidance of Mrs Davies Jones, the Head of Faculty, and her team of skilled practitioners. By the time Taheen was in the Sixth Form, his skills were evident for all to see. School Production performances included Lord Montague in ‘Romeo and Juliet’ (2012) and Khlestabkov in ‘The Government Inspector’ (2013).

He completed qualifications in business and he took the Level 3 BTEC in performing arts, where he attained a Distinction, achieving full marks in several of his performance modules. His determination to pursue a career in acting was rewarded in the summer of 2015. Having taken a Gap Year, he auditioned for various drama schools and was given a place at the Bristol Old Vic, a major coup. He continues to pursue his dream of becoming a stage actor!

RAYMOND ANUM

2007-2014

**SMALLBERRY GREEN PRIMARY
SCHOOL
ISLEWORTH & SYON SCHOOL
RADA (ROYAL ACADEMY OF DRAMATIC ART)**

Joining the school from Smallberry Green, Raymond had a smooth transition to Isleworth & Syon School and was always a well-liked and respected student. His performance at GCSE level was modest but, whilst progressing through the school, he discovered an otherwise unidentified talent for acting.

Raymond flourished in the Sixth Form and opted for a Level 3 BTEC in performing arts as well as taking an A Level in business studies. He achieved a double-starred distinction in his performing arts course but even this outstanding achievement was eclipsed by his stunning stage performances.

Having taken two years out of education to pursue his acting career, Raymond applied for a range of drama schools and it came as no surprise to his teachers that he was given a variety of choices for further study. In September 2016, he started his drama course at RADA and we look forward to seeing more of him as his career progresses.

ELLIS BLOOM

2009-2016

**LITTLE EALING PRIMARY SCHOOL
ISLEWORTH & SYON SCHOOL
LAMDA (LONDON ACADEMY OF
MUSIC AND THE DRAMATIC ART)**

Ellis had a normal progression from primary school, joining from Little Ealing Primary. From his early days he discovered the joys of being involved in drama lessons and, in particular, he started to work as a crew member for school productions as a backstage assistant. School productions have always been enormously professional and successful affairs at school and Ellis increasingly became a leading light in the backstage crew.

By the time he was a senior student, Ellis was at ease leading the gang as the Stage Manager and whilst doing so demonstrated great leadership skills.

Ellis achieved a string of top grades at GCSE and decided to pursue drama as one of his A level subjects, which he did with great success. He has increasingly appeared on stage displaying his fine acting skills, but his real passion lies in stage management. He left us in 2016 to pursue his further studies at one of the world’s foremost institutions.

It should also be noted that, alongside his studies and stage work, Ellis maintained his place in school rugby teams throughout his time at school.

FINN MCQUEEN

2009-2015

**MARLBOROUGH PRIMARY SCHOOL
ISLEWORTH & SYON SCHOOL
SOMERVILLE COLLEGE, UNIVERSITY
OF OXFORD**

Finn joined the school in Year 7 from Marlborough Primary School and it was apparent even at this early stage that he had a real talent for the written and spoken word.

As a younger student, he was a frequent contributor to book reviews for the Times Educational Supplement, and he enjoyed performing on the stage in Summer Arts Evenings and School Productions. His role as Quince in the 2010 production of ‘A Midsummer Night’s Dream’ was especially memorable.

He eventually went on to gain 8 A*s and 2 A grades at GCSE. Finn studied English language and literature, art and history at A Level, and gained 2 A*s and 1 A. He supplemented this with an A grade in AS biology. Finn left us in 2015 to study English at Somerville College, Oxford.

ANIETIE EKANEM

2008-2015

**SMALLBERRY GREEN PRIMARY
BELMONT PRIMARY SCHOOL
ISLEWORTH & SYON SCHOOL
ST PETERS COLLEGE, UNIVERSITY OF OXFORD**

Always a colourful character, Anietie's natural flair for the art world was rewarded with a place at the University of Oxford to study history of art.

His route through school was a successful one with a string of high grades at GCSE. Although he briefly flirted with a place at another local Sixth Form, he made the wise decision to return to Isleworth & Syon shortly into the start of Year 12.

His A levels were the real springboard to setting his path for the future. An A* in art & design and A grades in English language & literature and history and an AS level in French, along with a successful interview at Oxford, secured his place for October 2015.

Those that know Anietie will have witnessed his abilities as an orator - quite a natural! - so we are sure that his successful Oxford interview was viewed as just another opportunity to express himself. The winner of subject prizes in art and history, a Progress Award and an Academic Excellence Award, Anietie went off to Oxford with our very best wishes.

MAX MILLS

2007-2014

**SPRING GROVE PRIMARY
ISLEWORTH & SYON SCHOOL
THE ROYAL COLLEGE OF MUSIC**

Arriving from Spring Grove Primary School, Max was already an accomplished junior musician, able to competently play drum and brass instruments. Max developed his musicianship whilst at Isleworth & Syon, performing in our annual Carol Concerts, Summer Arts Evenings and contributing to the School Production both musically and occasionally on stage. He also performed widely out of school, including an appearance at the world renowned Ronnie Scott's jazz club.

A musician of great skill and versatility, Max decided to focus on the drums and percussion, and by the time he was in the Sixth Form had attained a Grade 8 (with Distinction) in both disciplines.

Max was offered unconditional places for further study at the Royal College of Music and the Guildhall School of Music & Drama and a conditional offer to study at The Royal Academy of Music following his A level studies. Max eventually took up the offer of a place at the Royal College of Music and gained a "First" at the end of his first year. He performs in a number of different ensembles and has a glittering musical career ahead.

THOMAS KNOX

2009-2016

**THE BLUE SCHOOL (PRIMARY)
ISLEWORTH & SYON SCHOOL
LONDON SCHOOL OF ECONOMICS**

Thomas joined from The Blue School at the start of Year 7 and had an accomplished school career at Isleworth & Syon.

Representing the school in both football and rugby, Thomas successfully managed to ensure a balance with his academic studies gaining a string of top grades (8 A*s and 3 As at GCSE) prior to completing A levels in mathematics, further mathematics and biology with an A* and 2 A grades, plus an A grade in AS physics.

Appointed as Head Boy in his final year at school, among other responsibilities, Thomas took the responsibility for chairing the School Council, ensuring that the student voice is given a place in the continuing development of the school.

Thomas took a Gap Year before pursuing a degree in Actuarial Science at the London School of Economics.

LOUIS KELLY

2009-2016

**ISLEWORTH TOWN PRIMARY SCHOOL
ISLEWORTH & SYON SCHOOL
UNIVERSITY OF EXETER**

Louis has gone to Exeter to study for a degree in English and Film Studies and staff at school are sure that film buffs will hear more of him in the future, for he has already produced work worthy of being shown on the big screen.

Louis has excelled in his time at school combining his academic work with his love of drama and music. He has appeared in many school productions and musical events and he manages to make acting, singing or playing the guitar look so effortless.

Some of his stage performances in recent school productions will be remembered for a long time. His award winning production of short film 'Agoraphobia' was shown at the Waterman's Theatre whilst Louis was a Year 12 student.

At A Level, he attained an A* in film studies and two A grades in drama and English Literature, comfortably out-scoring his target grades and securing a place at one of the best universities in the country in the process.

At the Senior Awards Evening in September 2016, Louis was awarded the Headmaster's Cup for his all-round contribution and commitment to the school.

AHMAD ELMOUNIERY

2008-2015

**STRAND ON THE GREEN JUNIORS
ISLEWORTH & SYON SCHOOL
GAP YEAR - SKY INTERNSHIP
UNIVERSITY OF LEEDS**

Ahmad chose a different route following the completion of his A levels at school.

Following an intensely competitive process in the summer of 2015, Ahmad won a place on a Sky internship and received a taste of a working life in one of the country's biggest and most well-known companies.

Despite the early starts and occasional night shifts, Ahmad enjoyed life in a fast-moving and exciting working environment. He has prepared well for this opportunity having been a consistently good worker throughout his time at school.

Achieving 10 A*/A grades at GCSE and three top grades in A levels (biology, English language & literature, and French), Ahmad also brought notice to himself by taking part in the junior TedX talks, speaking on the subject of the value of language in schools.

Ahmad won the MFL Prize in Year 13 and was also awarded the Isleworthians Trophy for the Sixth Form at our annual Senior Awards Evening in 2015.

In 2016, Ahmad took up a place at the University of Leeds to study Chinese & International Relations.

RACHEL RODIPE

2014-2016

**THE GREEN SCHOOL FOR GIRLS
ISLEWORTH & SYON SCHOOL
BRUNEL UNIVERSITY LONDON**

Rachel joined the school for her Sixth Form studies from The Green School for Girls, to pursue a Level 3 BTEC course in Sport.

Having made the move to a new Sixth Form, Rachel settled quickly into her studies and throughout her course she has excelled. Playing a full and active part in the Sixth Form, Rachel was fortunate to find herself studying with a number of dedicated students all of whom excelled over their two years of study.

Along with a number of other students, Rachel attained a triple-starred distinction (equivalent to three A* grades) and beyond this she was commended by BTEC for being one of the top-performing students in the country.

She went on to study at degree level at Brunel University, gaining a scholarship to support her further sports studies.

MADELEINE WILLIAMS

2012-2014

**THAMESMEAD SCHOOL
ISLEWORTH & SYON SCHOOL
ST. MARY'S UNIVERSITY**

Madeleine joined the Sixth Form from Thamesmead School and immediately made an impact. She was one of the first girls to transfer to the school on a full-time basis; her decision was made due to the continued excellence of our performing arts faculty.

She performed in every musical event and performed on the stage in each school production. Clearly talented, she was equally adept singing or acting. A major highlight was her performance of Anna in 'The Government Inspector' in the production of 2013.

She became an integral part of the school and in Year 13 became the school's first ever Deputy Head Girl. She attained AS levels in music and history, and also followed the BTEC Performing Arts Level 3 course, where she gained a Distinction.

She left school at the end of Year 13 in 2014, to study drama and theatre arts at St. Mary's University, Twickenham.

CALVIN KUNDI

2008-2015

**HESTON JUNIOR SCHOOL
ISLEWORTH & SYON SCHOOL
QUEEN MARY, UNIVERSITY OF LONDON**

Former Deputy Head Boy Calvin Kundi joined the school from Heston Junior School and had an impeccable academic record at school.

This is the result of his dedication to his studies, hard work and some considerable ability. He gained 10 A*/A grades at GCSE and followed this with top grades in the Sixth Form, gaining A* grades in biology and chemistry and an A grade in mathematics as well as an A grade in AS level physics.

At the Senior Awards Evening in 2015, he scooped subject prizes in biology, chemistry and mathematics and was awarded an Academic Excellence prize. He was also the winner of the prestigious Caldicott Lake Scholarship, a monetary prize awarded for Aeronautical Engineering or Science, and named after a former student of the school who lost his life in World War I.

Calvin took up his place on a dentistry course at Queen Mary University and we all wish him well with his continued studies.

Isleworth & Syon School for Boys

Ridgeway Road, Isleworth
Middlesex, TW7 5LJ
