

12 February 2021

Dear Student,

Returning to School - Year 10

We are planning for your return to school and look forward to it, although we await news from the government about a suggested date for the opening of schools. This will of course depend on the rate of transmission of the virus and on other factors like the numbers in the population being vaccinated. Let us hope that it will be sooner rather than later.

Half-Term: 15-19 February

Remote lessons will stop over half-term. However, it remains important that you use your time over the break to make sure that you are up-to-date with your work. So, please check that you have covered these three tasks:

- You have checked your work and caught up on any missed tasks;
- All work from remote learning has been uploaded; and
- All PPA (homework) has been submitted.

If you are fully up-to-date, the wisest of you will use the PLCs to assess where there are gaps in knowledge and look to do some extra work, ensuring that this is all completed before returning to class. We would also advise that, whilst we are still in lockdown, that you take the opportunity to read and to exercise, in order to look after your mental and physical health.

The vast majority of Year 10 students have been doing extremely well over the latest lockdown, so well done!

Enrichment

Please do visit the school website where you can access a range of enrichment activities that will broaden your mind and might trigger an interest that you had not previously considered. You can access the range of opportunities on the link [here](#).

Finally, do remain fully engaged in your remote lessons, look forward to returning to school in the near future and, crucially for us all, keep following the lockdown guidance and stay well!

Yours faithfully,

Euan Ferguson
Headteacher
