Dear Parent/Carer,

One-Week Summer School at Isleworth & Syon for Year 8 into Year 9

I write to invite your son/ward to attend our one-week Summer School. This year the focus of our summer school is on leadership. The Summer School will take place over one week at the end of August, from:

SPORT AND LEADERSHIP:	Monday 23 to Friday 27 August (8.30am to 3.00pm each day).
------------------------------	---

The Two Main Objectives of Summer School

- To raise academic standards after a hugely disruptive 18 months; on average, evidence suggests that pupils who attend summer school make approximately two to four additional months' progress, compared to similar pupils who do not attend.
- To provide your son/ward with an early, positive induction to his next year of study.

Key Messages Which Will be Promoted Throughout

- **Responsible citizens:** students must be punctual, well-organised and courteous. Standard English language must be used: no slang. These are core, soft skills or competencies which will allow your son/ward to be *ready to learn* at Isleworth & Syon School. This requires individual student leadership and responsibility. Our mantra is: learners as leaders.
- **Successful students:** young people will be encouraged to try out all activities even though some may be challenging. When students find things difficult, they must display resilience and learn from their mistakes. Our mantra is: practise makes permanent.
- **Confident learners:** students must try to display a positive attitude, "*can do*" attitude. They must cooperate effectively with others as well as ask curious and inquisitive questions of their teachers. We ask students to develop their reading. Our mantra is: little and often.

Summer School has only 30 places for students currently Year 8, progressing into Year 9. The Summer School is **FREE** of charge.

Securing a Place on Summer School

Respond [here](#) to register your **expression of interest** for your son/ward. The deadline is Thursday 8 July at 9.00am. Confirmation will be sent out next week.

Completing 5 Days of Summer School

Be aware that students must complete all five days of Summer School. Those students who complete all five days and have 100% punctuality will receive a school study resource kit including free earbud headphones as well as other useful resources.

Further details about the Summer School will be circulated by email or text during the summer holidays.

I hope that you reflect on the above and discuss the programme with your son/ward. I attach some student and parent/carer quotations from 2015, the last year we ran a similar project. It is truly an outstanding summer programme.

Thank you.

Yours faithfully,

Mr S Fisher
